Guidelines and Action Plan for Emergencies and Disasters

GENERAL

The ***Town of Gillams*** acknowledges its responsibility if emergencies or disasters should occur that could threaten the lives of property of some or all the residents of this municipality.

AIM

The aim of this plan is to clearly establish lines of authority and responsibilities for all concerned during the management of an emergency or disaster in *GILLAMS* and to avoid misunderstanding and conflicts which could result when various disciplines are involved at the same time. Co-ordination and co-operation is the goal of the Gillams Emergency Plan.

DEFINITIONS

EMERGENCY – Condition requiring prompt action.

LOCAL DISASTER SITUATION – An emergency other than a war emergency in any area of Town which involves the risk of loss of life or property or which threatens the safety, welfare and well-being of some or all of the residents of that area, and it appears to the satisfaction of the Minister that the emergency cannot be adequately handled by the municipality or other services existing within the area.

EMERGENCY PLAN – A written plan of emergency measures to be taken by the municipality, authorized and prepared pursuant to Section 6 of the Provincial Emergency Act to mitigate the effects of an emergency or local disaster situation.

(Section 6, subsection 3)
- (b) When a disaster affecting a municipality occurs, and a state of disaster has not been declared under Section 7, the Minister may, by order, authorize the Council to put into operation the Plan adopted by the Council under section 6 subsection 1 (Section 6, subsection 4).

In addition, this Municipal Emergency Plan, when approved by the Minister of Municipal Affairs, may be implemented pursuant to Sections 4(3), 6(4), 6(5) of the Emergency Measures Act.

(Section 6, subsection 6).

CONCEPT OF OPERATION

The Town of Gillams will reinforce its authority within its jurisdiction through the Emergency Planning Committee. Problem solving, duty assignment, media relations and public announcements will be discussed and resolved by this controlling group. When from time to time people with special expertise or knowledge are required to advise the group concerning any matter associated with the emergency disaster, they will be invited to attend and perhaps when appropriate, sit as part of the Committee.

From a practical sense, once formed the Committee will continue to manager the emergency until such time as it has ended.

This does not necessarily mean that all concerned must be present continuously. It is more appropriate to have schedule meetings of the group and increase these as required.

As the operation progresses and difficulties are sorted out, daily meeting may be satisfactory.

EMERGENCY OPERATIONS CENTER (EOC)

All emergency/disaster operations will be directed by the Committee from the Town Hall. The Fire Hall or Community Hall will be the alternate EOC in the event the Town Office is in the disaster area
